a) To receive the minutes of the Planning Committee meeting held Monday 8 th February 2021.	RH	Y	
b) Planning Application 19/02899/OUTS – due to be tabled at a meeting of TVBC’s Planning Committee in the near future. To consider the following motion requested by Cllr Searle:	Chair	N	

“Following the recent receipt and review of AECOM’s “Site Options and Assessment DRAFT Report”, where 12 potential development sites have been identified. The Parish Council confirms its current position on the Allotment Site identified as Site 186.

The Parish Council reaffirms its current position in that the site is unsuitable for the proposed development shown in 19/02899/OUTS, for the following reasons:

- The Allotments are registered as an Asset of Community Value
- The site has high visibility when viewed from the Clarendon Way and Cow Drove Hill
- The Allotment holders confirm the new site is wholly unsuitable against the requirements of the Local Plan.
- In response to the NDP questionnaire 88.69% (353/398) answered yes to: “Should these allotments be preserved going forward?”
- In context of Landscape, the Allotments provide a valued open space in close proximity to the village centre helping to maintain a sense of village rather than urban character.

The Parish Council continues to endorse the current draft NDP Green Space document approved by Council in March 2020 which identifies the existing allotments as a Local Area of Green Space.

Formal assessment of ALL sites identified “potentially suitable for allocation subject to constraints being addressed” within AECOM’s report, will be carried out as part of the NDP process”.
